

Your Credit, Your Life, Your Dreams!

NAPMW-Austin
proudly presents
Mary Ann Arbogast
with Clean Credit of Texas

Clean Credit of Texas provides the service of credit rebuilding and credit restoration. They assist clients who may have had problems with their credit reports or credit scores. With their service, clients can typically raise their credit scores 80 to 100 points within 60 to 90 days. The time table and results will vary, however, from client to client. Clean Credit of Texas is rated as top "Accredited" with the Better Business Bureau. They have been in business since 2005 and have been registered with the BBB from the onset. They believe in providing excellent customer service to all their clients. The initial consultation with your clients is free. This consultation is for the purpose of properly assessing their situation and to determine what we can do to help them.

With mortgage guidelines changing at a rapid pace and credit score requirements tightening up, it's important now more than ever to have good credit. We'll also learn some tips on improving your credit score!

Come learn how Clean Credit of Texas can help you!

We will also be voting on the Slate of Candidates for Office in NAPMW-Austin and Delegates to the National Convention! All members are encouraged to attend and vote!
